

Job Title: Utility Surveyor (Level 5 Qualified)

To carry out and assist in efficiently serving clients with Utility Surveying, providing good quality, accurate surveys.

Company Overview: Join our dynamic tight-knit team dedicated to delivering exceptional utility surveying services in the Northeast of England and beyond. We specialise in delivering accurate and comprehensive utility mapping solutions to a diverse range of clients across various industries. With a commitment to excellence and cutting-edge technology, we pride ourselves on delivering high-quality results that exceed client expectations.

As a utility surveying company, communication with stakeholders is paramount to our success. We prioritise clear and transparent communication to ensure that every project is completed to the highest standards and meets the unique needs of our clients.

Position Overview: We are seeking a highly skilled and experienced Utility Surveyor with a Pro Qual Level 5 Diploma in Utility Mapping & Surveying qualification to join our team. The successful candidate will play a crucial role in conducting detailed surveys to identify, map, and record underground utilities and infrastructure. This position offers an exciting opportunity to work on challenging projects, utilise state-of-the-art equipment, and contribute to the growth and success of our company.

Key Responsibilities:

- Conduct comprehensive utility surveys using advanced surveying techniques and equipment.
- Accurately identify, locate, and map underground utilities including water, gas, electricity, telecommunications, and sewer systems.
- Utilise Ground Penetrating Radar (GPR), electromagnetic locators, and other surveying tools to collect data and create detailed utility maps.
- Collaborate with project managers, engineers, and clients to ensure survey objectives are met and deliverables are of the highest quality.
- Adhere to health and safety guidelines and regulations while working in diverse environments and conditions.
- Provide technical expertise and support to junior surveying staff as needed.

Qualifications and Skills:

- Level 5 qualification in Utility Mapping and Surveying or equivalent.
- Proven experience working as a Utility Surveyor, preferably in a commercial or industrial setting.
- Proficiency in using surveying equipment such as GPR, electromagnetic locators, total stations, and GPS systems.
- Strong analytical and problem-solving skills with meticulous attention to detail.
- Excellent communication and interpersonal skills with the ability to collaborate effectively within a team environment.
- Demonstrated ability to work independently and manage multiple tasks simultaneously.
- Valid driver's license and willingness to travel to project sites as required.

Benefits:

- Competitive salary commensurate with experience and qualifications.
- Comprehensive benefits package including health insurance, retirement plans, and flexible leave.
- Opportunities for professional development and training.
- Exciting and challenging projects in a dynamic work environment.
- Opportunity to work with cutting-edge technology and industry experts.

How to Apply: If you are a skilled Utility Surveyor with a Level 5 qualification and are ready to take on new challenges, we encourage you to apply by submitting your resume and cover letter to abbey@gridmarksurvey.com. Please include "Utility Surveyor Application" in the subject line. We look forward to reviewing your application and potentially welcoming you to our team at Gridmark Survey.
